

PROTEIN

Did you know...

- Fish, meat, chicken, eggs, nuts, beans, lentils, seeds and tofu are all part of the protein food group.
- Choose often the protein foods that come from plants (e.g. nuts, beans, lentils, tofu, etc.).
- Fun fact : Fish contains a brain nutrient that our body can't make on its own. That's why it's important to eat fish at least 2 times per week.

Easy Egg Salad

Ingredients

3 tbsp bell pepper, thinly diced
2 hardboiled egg, shell removed
1 tbsp of mayonnaise

Instructions

- 1 - In a bowl, mash eggs with a fork until small pieces.
- 2- Add mayonnaise and bell pepper. Mix well.
- 3- Serve with Breton© crackers.

Reading a recipe
